

Colorectal Cancer Screening Robocall Scripts

English Script

Hello. This is Kaiser Permanente calling for **<Member Name>**.

Our records indicate that you have received a FIT test which has not yet been returned. Please complete your FIT test and mail it back to us.

A FIT test screens for evidence of blood in your stool, which is an early detector for colon cancer. Finding cancers early is key to saving lives.

If you would like another FIT test kit mailed to you, please press one now.
